VENETIAN BLINDS IN THE HOME—

Venetian blinds, extremely popular in the last few years, have come to be regarded as suitable only for modern interiors, and not to be used in period rooms.

This is definitely not true. In fact, Venetian blinds have been used for a score of years in the South, and are utterly charming in traditional as well as modern settings. They are by far the most satisfactory way of regulating the light and air.

A little research discloses that the earliest example of the blind family was a crude curtain of reeds found in ancient Egyptian tombs. During the middle ages, similar blinds made of reeds were common in India, where water was thrown upon them so evaporation would cool the room.

The Venetian blind as it is known today originated in France. An advertisement dated August 24, 1757, offered them for sale in Paris under the name of "jalouses", which means jealous or jealousy. It appears that these blinds were used in palaces and homes of nobility to close in the open portions. This angered the village gossips, whose prying eyes were cheated by the new blinds, and they became known throughout France as "jalouses," which to this day is the French word for Venetian blinds.

Before the French revolution Venetian blinds appeared in Italy and Spain and were beginning to be known in England. From England they were introduced to America, where they proved extremely popular. During the early days of the colonists all the windows of the prim little New England homes had their green and white "shutters."

With the many luscious colors in which Venetian blinds are today available, and with harmonizing or contrasting tapes, or the more conventional cream, white and gray blinds, you have unlimited possibilities for decorative treatments for your windows.

SOME INTERIOR DECORATION NOTES—

The wallpaper border has returned to renewed popularity. Smart decorators are using it most effectively.

The borders themselves are of a much simpler and finer design than those heretofore seen. They offer charming relief to plain wallpaper or solid-colored walls, and, when properly used, accent the architectural features of a room.

Borders may be applied along the ceiling edge right under the cornice molding, at the top of the dado and baseboard, inside door panels, around the trim of windows and doors, and across cornice boards.

When you are having your Spring decorating done, be sure and consider the possibilities of using wallpaper borders.

BRIGHT COLORS IN FURNITURE—

Designers of new furniture are providing color in myriad ways—in walls, in finishes, in upholstery, in marquetry and inlays, in mirrors and hardware.

The trend is toward lighter brighter hues, with such shades as "tweed," "tawny" and "wheat". Knotty pine is appearing in a putty color. Transparent lacquer is being used on light-toned Mahogany to accentuate the ribbon grain. "Tweed" finish is obtained by using a deep-toned filler on walnut. Hickory, long used in rustic furniture, is being modernized and is seen in drawing rooms.

In upholstery, tweeds and homespun are enjoying the spotlight.

GOOD HABITS IN COOKERY—

To bring out the best in foods by proper cooking demands an interested knowledge of food and cookery processes. For example—to make good cocoa and chocolate, smooth, well blended and not thin and watery; the secret (and it's no secret at all) is to boil the cocoa and sugar and a speck of salt in water equal to a quarter of the liquid, for five minutes before adding the milk and bringing to the boil again. Simple—but so often neglected.

Cereals too, grow smooth and flavorful and rich with longer cooking over hot water. Custards that are set in a pan of water in a slow oven will be firm and creamy and will never separate as in too great a heat.

Fresh delicate vegetables that suffer badly from overcooking and standing should be treated tenderly and removed from the fire when first done.

Sauces of the white sauce variety only need effective and constant stirring to make them smooth, creamy, and rich, and long enough to cook to have them thoroughly done. The best way is always to cook the flour well in the butter before adding the liquid.

Good coffee and tea depend on following the latest scientific findings—that for coffee the water just below the boiling point develops all the flavor and strength, with no bitterness; that for tea, actively, freshly boiling water brings out the fragrance and strength in the leaf.

The choicest meats require a quick, intense heat to sear in all their juiciness and tenderness; whereas on the other hand, a tougher cut needs long simmering or slow baking to soften the tissues. In both cases a fork in the meat tissue is out of the question; turn the meat by inserting the fork next to the bone or in fat or gristle.

A delicate poached or "boiled" egg is accomplished only in water below the boiling point; high heat is only permissible when the egg is to be toughened, as in browning the outside of an omelet.

Brazil nuts and walnuts should be placed in a warm oven for a few minutes. They will then leave the shells quite easily when cracked.

It is said there's no fun like work, but my Sis can't see any joke in it.

By LIBSBETH

Gay PRINTS appear each spring, and this season flower designs are particularly good in both crepes and sheers.

Stripes also come forth with the flowers of spring, especially for suits, and this year they, like checks and plaids, have aligned themselves with solid colors in these same suits, giving variety to many a tailleur.

A charming feminine costume is shown above. The Burgundy silk chiffon coat with white flowers in a long shirred coat with three-quarter length sleeves, is worn over a plain, short-sleeved Burgundy chiffon dress. A large white Panama hat trimmed in Burgundy, white bag and gloves and wine pumps complete the costume.

Watch for smocking and shirring on sheers this season. It is an important fashion note.

The costume just described would be a charming one for the bride's trousseau, and the suit shown at the right, is one you will enjoy while on a honeymoon and will cling to long afterwards.

Cool, Smart, Young

It is smart, cool and young. It is equally good in navy and black, with a fine stripe, the material, tested rayon—the suit consisting of blouse, tying at the throat, and jacket, a collarless cardigan. The skirt is in solid color. A white sailor hat, white pullover gloves and roomy black or navy bag—depending upon the color of the suit—and your costume is complete.

In Paris, prints are being shown almost exclusively for mid-season. Many, done on organza, use enormous designs of flowers, wheat, Iris or dahlias.

In stripes the color gamut is interesting as many pairs are shown—for instance, navy striped on pink ground, and pink on navy.

As to colors, blues are in the lead, says one Paris house, usually vivid shades, with deep pinks, like strawberry and cyclamen, second.

Style Whimsies

The collarless neckline has attained a leading place in the new spring and early summer frocks.

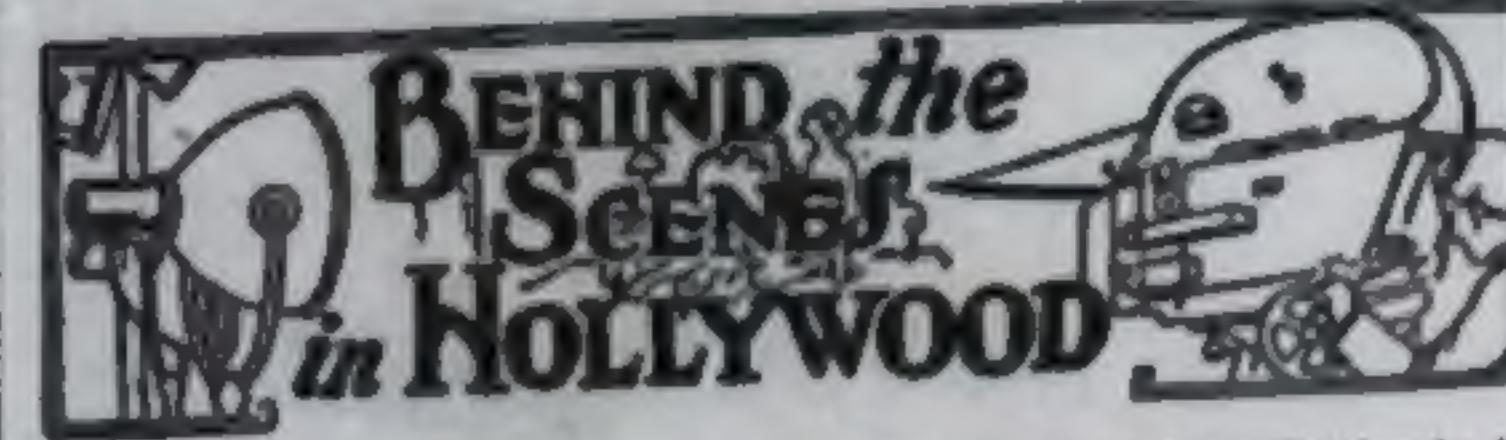

Like a brilliantly plumaged tropical bird is the new orchid just launched on a waiting world by a certain nursery. It is called Nocturne, and is a large, broad petalled flower of clear lilac color with a stripe of brilliant purple extending from the tip of each petal to its base and widening as it extends.

One orchid worn in the suit lapel with stem wrapped in waxed paper of the same color, may be held in place by one of the new lapel brooches or heavy clips with a very elegant effect. Sprays of orchids must be worn with ribbons to match either flowers or costume.

The "applejack" jacket has replaced the beer jacket in popularity with the college crowd. It is printed in red and green apples on processed drill, and still retains the familiar "beer barrel" buttons.

Hollywood. — Got any ideas for new cycles of movies? Hollywood is staying up nights trying to think of one. The crazy comedies are about washed up, musicals are not so hot, jungle locales are thoroughly exploited, the old south is being taken care of in "Jezabel" and "The Toy Wife" (not to mention "Gone with the Wind").

Hale is one of the dozens of Hollywood celebrities who never makes a move without consulting an astrologer. George Raft's new picture, "You and Me," deals with the parole problem. Paramount is starting "Prison Farm" and "Escape From Leavenworth" at a future date. Mervyn Le Roy will also have a prison angle in his M. G. M. picture, "Ten Days of Heaven."

Everybody is making prison pictures now. "Over the Wall" and "Condemned Women" are current releases. George Raft's new picture, "You and Me," deals with the parole problem. Paramount is starting "Prison Farm" and "Escape From Leavenworth" at a future date. Mervyn Le Roy will also have a prison angle in his M. G. M. picture, "Ten Days of Heaven."

Maybe Paramount will touch off a new series of air pictures with "Men With Wings". There is so much talk now of aeroplanes in war. Or the key to the new cycle may be in the fact that M.G.M. is rushing "Northwest Passage" and Paramount is planning to beat them to the gun with "Sparks of the North".

If you could really call the turn, you'd be rich.

Paulette Goddard hand. Picked them from her own garden. The big show-down between Paulette Goddard and Charlie Chaplin is supposed to take place soon. She is back on the coast. Moreover, she is due to report to Beznick for tests and fittings on "The Young in Heart" . . . Lots of the stars are now putting "escalator clauses" into their annuity contracts. Madge Evans has one. It provides that in time of depression, devaluation of the dollar, etc., she is to receive an increased allowance . . . In the six months that he has been off the screen, Joel McCrea has turned down three pictures, which would have netted him \$100,000. . . . David Niven won the season's skilling form at Sun Valley. . . . If you care, Robert Taylor goes riding minus his shirt in the northridge estates. . . . Jane Bryan the starlet, and Phil Kellogg, Warner cutter and son of the corn flakes tribe, have promised their families they won't marry for a year. . . . And Samuel Goldwyn, or so the story goes, walked onto the lot the day after he had fired a lot of his staff. "That's gratitude," he said. "Look, they've all deserted me!"

The opening of Director William Keighley's gas station was the most fantastic of all. He had lights, a band, entertainers, the personal appearance of stars, a radio hook-up and even a free barbecue.

Reginald Denny's miniature aeroplanes, originally designed as toys, are capable of carrying a high power bomb and of releasing it by radio remote control.

Rumor says that M.G.M. will make it up to Hedy Lamarr for her long wait by giving her the Garbo role in a remake of "Flesh and the Devil".

"The Authority on Authorities"

FAKING AN ECHO

A HIGH-LOW echo on your partner's king and ace leads against a suit contract informs him that you expect to take the third trick. It also tell the declarer the same story. There lies your occasional chance to put over a "fast one" on him, if the dummy has a doubleton in the suit. You may then be able to tempt him into using a high trump from the dummy which sets up a trump trick for your partner.

SOCIAL and PERSONAL

UNIQUE INVENTION

Mrs. Thomas Voigt is visiting with friends in Buffalo, N.Y.

Miss Margaret McCartney spent the weekend with friends in Hamilton.

Mr. Earl Swayze of Joliet, Que., is spending a few days in town this week.

Albert and Mrs. Arworthy of Merritton were visitors to town on Saturday night.

Mrs. W. L. Haist left on Tuesday to reside with her son at Niagara Falls, Ontario.

Mr. and Mrs. D. R. Taylor have returned after spending the past two weeks at New York City.

Mrs. Jessie Felker has returned to Grimsby after spending the winter months in Toronto with her daughter.

Miss Isabel Stewart, of Toronto, visited over the weekend with her mother, Mrs. M. Stewart, Robinson Street, South.

Mrs. G. E. VanMere of Hamilton has returned home after spending a few days in Grimsby with her daughter.

Mrs. David Hunter and daughter, Sylvia, left on Sunday for their home in Ottawa, after visiting the past week in Grimsby.

Harry Lyons and S. J. Vickers of Burlington were visitors in town on Tuesday. Harry is an old park boy who for some years was connected with E. V. Hoffman here in the pressing and cleaning business.

Fred W. and Mrs. Pottenger of Hamilton called on friends here Saturday. "Fred W." for many years was the popular manager of the Bank of Hamilton here, the branch then being located where Anderson's store is.

A meeting of the Ways and Means Committee of Grimsby Chapter, O.E.E., was held at the home of the Convener, Miss Alda E. VanMere, on Monday, to discuss plans for the Bingo party to be held on May 17th.

About fifteen Grimsby and Hamilton friends of Rev. E. A. and Mrs. Earchman of London, and the latter's father, Mr. Humphries, of Guelph, motored to Guelph on Wednesday of last week to spend a social evening with them. The occasion was the 85th birthday anniversary of Mr. Humphries, and incidentally the previous day, the eleventh wedding anniversary of Mr. and Mrs. Earchman.

WEDDING ANNIVERSARY

On Thursday of last week, a number of friends from Hamilton and Grimsby gathered to celebrate the 14th wedding anniversary of Mr. and Mrs. Howard Patterson, No. 50 Fairview Avenue. The evening was spent in games and music after which a dainty lunch was served by the hostess.

Nuptials

SNETSINGER—MILLROS
The wedding was solemnized by Rev. W. H. LeGrow on Thursday afternoon, April 14th, at the home of Mr. and Mrs. W. J. Millros, Newington, Ontario, when their only daughter, Helen Margaret, became the bride of Russell James, younger son of James Snetsinger and the late Mrs. Snetsinger, of Chicago.

Mr. Snetsinger is a nephew of Mrs. E. L. Sutherland, 42 Robinson Street, South, Grimsby, who with her son, Mr. Jack Sutherland, was among those in attendance at the wedding.

LATIMER—GREER

The marriage took place at Niagara Falls, N.Y., on Saturday, April 22nd, of Miss Alma Greer, of Grimsby, to Mr. Gordon Latimer, of Hamilton. Rev. Mr. S. S. Davies performed the marriage ceremony.

Miss Greer was formerly chief operator at the local Bell Telephone office, and Mr. Latimer was associated with both Flet's and West's barber shops in the town, before opening his own tonsorial parlors in Hamilton.

REGULAR MEETING

There was a good turnout of members at the regular business meeting of Lincoln Loyalist Chapter, I.O.D.E., held on Monday afternoon in the Chapter room. The regent, Mrs. Wolfenden, presided. Several important matters of business were discussed and reports received.

The discussion of plans in assisting in the Blossom Time Festival being held in Grimsby, on May 11th, took place and the nomination of two entries for the Blossom Queen contest was held. A committee was appointed to interview the two young ladies named.

It was moved and seconded that Mrs. William Morrison, Provincial President, of Hamilton, be appointed as a delegate to report the National Annual Meeting held in Vancouver.

Mrs. Gordon A. Sinclair gave a splendid report of the bridge, held under the auspices of the Girl Guide group, and conveyed the thanks of the officers and committee to those who had contributed in any way to the success of the event.

The regent, Mrs. Wolfenden, gave a most interesting and complete report of the Provincial meeting held at the Royal Connaught last week.

ATTEND CHURCH

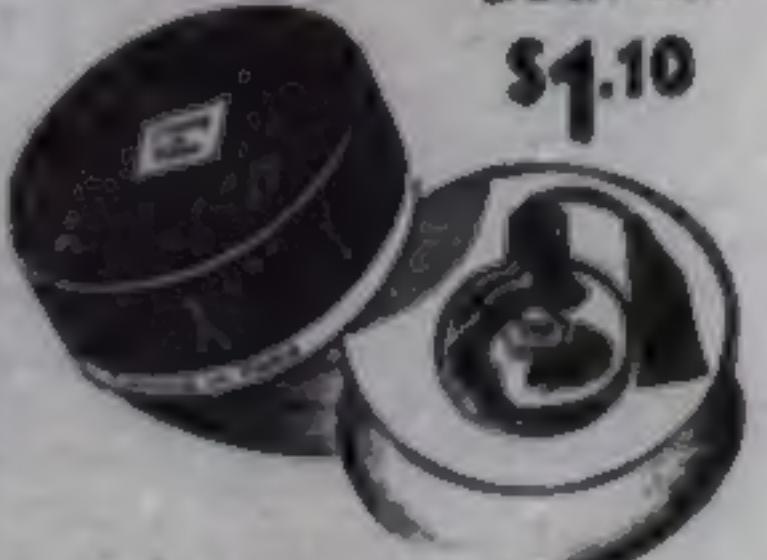

Close to sixty members of the Independent Order of Odd Fellows, No. 349 and Alvina Rebekah Lodge, No. 267, attended in a body, the evening service at the Grimsby Baptist Church on Sunday last, when the Rev. Neil M. Leckie delivered a most interesting and appropriate discourse. Their visit to the Baptist Church was in keeping with an annual custom of attending in a body, one of the local church each year.

Fruit Belt League
Is Re-OrganizedAt a largely attended meeting of
executive members and ball fans in
the Grimsby council chamber on
Monday night, the Fruit Belt league
was reorganized for the season.The outlook at the present time
is for a five team group, consisting
of Stoney Creek, Grimsby,
Grimsby Beach, Beamsville and St.
Anna. Smithville was not repre-
sented at the meeting and they are
a doubtful entry this year.Beaches team from the "Band-
strip" near Burlington were repre-
sented and wanted entry to the
league. Much discussion took place
on the question and their request
was turned down. The feeling of
the meeting was that the Beaches
should be playing in either Senior
"B" or Senior "A" divisions.It is expected that the league
schedule will get under way about
May 17th, possibly a little earlier
if the weather continues to warmVernon Bryce of St. Anna was
elected president and Tommy Bland
of Stoney Creek, secretary-treasurer.Wig-Wag Signals
For CrossingsJordan Station And Vineland
C. N. R. Cross Overs to be
Protected — County Coun-
cil Bears Share of CostWig-wag signals will be placed
at Jordan Station where the road
to the lake crosses the C.N.R. It
was decided last week by the Lin-
coln County Council. Council
adopted the report of the road com-
mittee to accept the proposal to es-
tablish signals at this crossing and
the one at the Vineland Town Line,
where six young people were killed
last December.Cost of each system and installation
expenses will amount to about
\$5,000. In each case, the board
which looks after railway cross-
ings will pay 40 per cent. out of
their fund and the railway will pay
30 per cent.At Jordan, the county will pay 20 per cent. and Louth
Township will raise the remaining
10 per cent. At Vineland, where
the crossing is on the town line
separating the two townships of
Clinton and Louth, the county will
pay 15 per cent. and each township
will levy for 7½ per cent. of the
cost.The council met with Mr. Noell
of the Board of Railway Commis-
sioners some weeks ago and viewed
the two sites.While the Vineland crossing has
been the scene of fatal accidents be-
fore, none can be remembered at
Jordan Station. About 40 years ago
a Mennonite preacher, Mr. Wismer,
was crossing the track with his horse and buggy. He was a
bee fancier, and was tenderly
tending a queen bee in his hand.
Not noticing the approaching train,
he drove into its path and was
struck. However, he was thrown
clear, and escaped serious injury.
He came up with the queen bee
still safe in his hand.Fred Bivand of Winona has pur-
chased the property on Main street
east, and the painting and decorating
business of the late W. L. Haist.SECURE

DIZZY DEAN GREETS NEW MANAGER

Dizzy Dean, ace right-hander for the St. Louis Cardinals for the past six years, seemed to drop out of the public prints for a while but he came back with a splash when the sensational deal that sent him to the Chicago Cubs for \$185,000 and three players was announced. Here is the Great Man showing his new boss, Manager Charlie Grimm, how good his arm is. Charles, need we say, is happy about the whole thing.

BLOSSOM TIME PAGEANT

(Continued from page 1)
Grimbsy" to represent our town in
the contest for the selection of a
Blossom Queen. "Miss Grimbsy"
will be chosen at Moore's Theatre
on Wednesday, May 4th, and will be
selected from contestants by
three independent judges. Mr.
Russell T. Kelley of Hamilton, Mr.
E. A. Fox of the St. Catharines
Chamber of Commerce, and another
to be named later, will be the
judges for this contest."Miss Grimbsy" will appear in
the Blossom Time Parade, and will
represent Grimbsy in the final
judging on May 11th. "Miss Grimbsy"
will compete with representa-
tives from all the neighbouring
municipalities for the title of
Blossom Queen. The young lady
selected for this honour will re-
ceive a silver cup and Twenty-five
silver dollars from the Grimbsy
Chamber of Commerce.Parade in the Afternoon
Keen interest is being taken in
the Mammoth Parade of decorated
Cars and Floats which will be
the initial event of a varied day's
programme. It is expected that
there will be about fifty entries
with representatives from Hami-
ton, St. Catharines, Burlington,
Port Dalhousie, Beamsville and
other centres.The Parade will be assembled on
the first sideroad east of Beam-
sville and will leave there at 2 p.m.

Maple Leafs Open
At Home On May 5Bill Urbanaki, whose professional
baseball career stretching over the
past 10 years has been confined to
two Leagues, the International and
the National, was guesting with a
number of baseball writers in a
Jersey City hotel recently when
one of the scribes asked him what
he thought of the Toronto Maple
Leafs.Bill is not an native of New
Jersey, but had the new shortstop
of the Toronto team, and the five
years he spent in the International
League before he Boston Braves
purchased him from Montreal in
1921, should qualify him to give
something of a expert opinion on
the calibre of the Shanghaeans cir-
cuit clubs."I like 'em" replied Bill: "I've
seen a lot of ball clubs in my time
and you can take it from me that
Dan Howley was a good team this
year. And I'm not saying that just
because I'm on it. It is true that
we didn't win many ball games in
the South during the Spring train-
ing series, but never judge a team
on what it does in those exhibition
games. Even the Yankees were
getting knocked off in the South
this Spring. Howley was doing
some experimenting with his young
pitchers and we were more con-
cerned about getting into condition
than in winning games that don't
count. Wait until the old bell rings
on the International League open-
ing. When the boys start playing
for keeps that's the time you get a
real line on a team."Toronto club officials are making
big preparations for the opening
against Jersey City on Thursday,
May 5, and Maple Leaf Stadium
may hold a larger crowd than the
record one that turned out on Cor-
onation Day last year in set an all-
time attendance mark for that field.

BOWLING

PEACH KINGS LOSE

Twenty ends of intensive bow-
ling were played at First United
green Friday night, the Peach
Kings from the Grimsby-Beams-
ville district being the guests of the
United, skippered by John W. Ogilvie.
The first ten ends were very
closely contested, the score stand-
ing 8 all. For the balance of the
game the local side had a slight
advantage, being eight up going in
to the last end. The result and
score:First United H. Reid

Farm and Garden

CANADIAN GARDEN SERVICE

By GORDON LINDSAY SMITH

Velvety Lawns

No small garden is complete without a lawn, and the richer, greener and softer that lawn is the better the whole picture. Good grass, rich and smooth enough to rival of the famous turf of the Old Country, is not a difficult feat, experts declare, though they admit that some care is required.

They point out that the average person forgets that grass is an ordinary garden plant requiring food and care just as much as flowers or vegetables and seed selection is also just as important. Good lawns are produced from top quality lawn grass mixtures, which contain proper proportions of the finer permanent grasses.

Seed should be sown liberally and the ground fertilized. Rolling in the spring and watering regularly are also advisable.

This treatment will keep grass a rich dark green and growing fast enough to crowd out the weeds. Patches of the latter in old lawns are usually a sure sign of worn-out soil weak from starvation. In hot weather grass should not be cut as short or as often as in the spring and fall.

Garden Pictures

Although the informal flower garden is much to be preferred for average planting, at the same time does not mean just throwing in plants. Experts advise a little preliminary planning even when only a small bed of annuals is contemplated. The good seed catalogue which lists time of blooming, colors, heights and other points greatly simplifies this matter of lay out.

Generally the best plan is to have the larger flowers towards the rear or centre of the bed so that little things like nasturtiums, alyssum, dwarf phlox and similar kinds will not be hidden. Where the bed is to be mixed, it is well also, state the experts, to have late, medium and early flowers evenly balanced to insure something always in bloom.

But there are other and finer points to consider. Certain shades blend well together and often a whole bed will be selected with this blending in mind. Of course for this sort of thing, all the plants must bloom during the same period. Fragrance should be taken into account, as there are some spicy flowers like Evening Scented Stock, Nicotiana, Mignonette, Sweet Sultan and Verbena, which while rather plain as plants fill the whole garden with a delightful incense.

Mistakes

Too soon, too close, and too deep it is claimed, are the new gardeners most common mistake in sowing either vegetables or flower seeds. The average amateur starts operations days or sometimes weeks too soon and stops long before satisfactory operations can be continued. With the general run of vegetables and flowers, there is no advantage in getting things in while there is still danger of serious frost. One set-back from a cold day or two completely offsets the early start and may indeed mean replanting the whole garden. This caution of course does not apply to very hardy vegetables or flowers or to grass seed. These should be sown just as soon as grass is fit to work.

The second mistake of too deep planting is also a common one. Authorities recommend as a general rule only planting to a depth of three times the diameter of the seed. This means that seeds like peas and beans will be covered with about an inch of soil but tiny things such as lettuce and poppies will be merely pressed in.

Spacing is important and yet even the enthusiast does not care to spend much time kneeling and thinning. Labor can be saved by properly spacing the seed as planted. Corn, beets, peas and similar plants with big seeds can easily be sown at the distance advocated on the packet. With tiny seeded lettuce or alyssum however it is practically impossible to space by hand but if the seed is first mixed with a little sand and the whole sown carefully plants will be spread out.

Weekly Garden-Graph

Written by
DEAN HALLIDAY
for Central Press Canadian

Fragrant Flowering shrub that defies snow.

To get the greatest joy from our gardens we should include in it

some of the earliest and some of the latest blooms.

A very worthwhile early shrub is Daphne mezereum, which blooms in February, but should be planted now. It has beautiful fragrant flowers, and is hardy.

As shown in this garden-graph, the blue-purple blossoms, in clusters of three, cover the bare stems before the leaves appear. These are followed by scarlet fruit in summer.

This shrub grows upright and a week.

most in appearance. It grows to about 36 inches in height and is especially suitable where a hedges effect is desired. It also grows well in a low shrubby border and in the rock garden, growing in sun or partial shade.

Every prisoner at the U.S. federal prison on Alcatraz Island, San Francisco bay, excepting those hospitalized or in solitary confinement, works eight hours a day, six days

Your Home Deserves
GOOD PAINT

Protect it with GOOD paint made with Pure White Lead in Oil. Its time-proven qualities afford the surest, most economical and lasting protection.

It's false economy to use cheap paint. Tests show that within five years a "cheap" paint job can cost you 75% more than the same work done with Pure White Lead in Oil.

Be fair to him, too

In the discussions provoked by those articles, one point comes up so often that it deserves an article to itself . . .

"The brewers," we are told, "in their own interest should not support beverage rooms!"

The reasons given for this amazing statement are as follows:

"Dry sentiment in this province is much more concerned with what goes on in public than what goes on in private. If there were no licensed hotels," say these councillors, "you'd sell just as much, but people would drink it at home. Extremists wouldn't be scandalized. They'd switch their attack to somebody else."

In other words, the Brewing Industry is invited to secure itself to spare the feelings of a cynical minority!

In order to make things easier for itself, it is advised to deprive the poorer

SPEAKING as a man who does not indulge in any alcoholic beverage, it is my considered opinion that the results in all civilized countries in which Prohibition has been tried, have altogether failed to come up to the smallest expectation of what it was expected to accomplish.

Rather, it resulted in a crop of bootleggers, hijackers, and enormous quantities of poisonous liquors, which caused the death of thousands. It not only caused a thorough disrespect for the Prohibition law but attacked the very foundation of our British system of respect for law and order."

— GEO. BENNETT, Mayor of Port Hope

Seeks Mental Clarity

Nand Kavi, devout follower of Mahatma Gandhi, pictured at Philadelphia in perfect balance on his head, during his 21-day self-imposed fast, through which he hoped to gain a "new balance of mind." Kavi sought mental clarity, hoping it would give him an insight into the problems of war. He arrived in Philadelphia from Washington where he attended a peace conference as an Indian delegate.

GRIMSBY WATER

(Continued from page 1) Pumped in month of March. Average per day 186,774 gals. Largest day's pumping, March 22nd, 290,000. Smallest day, the 13th, 130,000. 20,000 gals. Decrease per day over 1857, 968 gals.

A six inch main will be laid on Gibson avenue, from Main street to Mountain street. At present there is only a one inch main on this street, laid when the water system was first constructed and there were only one or two houses on the street. The six inch pipe now running from the pump house to the sewage disposal plant as an air line, which is to be taken up, will be used on this job. One fire hydrant will be placed on this street midway between Main and Mountain.

Commission will spend \$15 for flower plants for the gardens at the pump house.

Before the new road surface is placed on Ontario street, by the Highway Department, in connection with the construction work on the new highway, Water Commission will take out the old caulking in the joints of the eight inch main on that street and re-caulk them. There are 84 lengths of pipe on this main from the C.N.R. tracks to the new street, Robinson Crescent. This work will necessitate the digging of a large bell shaped hole at each joint.

REBATED \$1,660

(Continued from page 1) wished without buying a special license. A special committee will be appointed by Warden Stanley Young "for the purpose of acting in the capacity of a research committee to report to this County Council at various times during the year along lines which they may consider of interest to county matters in general."

The report of Auditor E. R. Cruikshank stated that the books were in excellent shape. Finance committee declined to take any action at the present time to restore the 10 per cent. salary cut imposed generally on County employees in 1932, although restoration of the cut would have increased their own council fees.

The matter of fees for the court clerk's office will be left in the hands of the Printing and Building committee. They will also have power to act in the case of the vault for the judge.

CONSTABLE DARBY ON WINNING TEAM

At the Niagara Frontier Revolver Match in Buffalo on Saturday Provincial Constable D. H. Darby of Beamsville aided a picked team of Americans and Canadian marksmen to win the International Championship. Const. Darby was the lone representative of the Ontario Provincial Police on the team. The team, composed of eight men, won a handsome trophy while each man was awarded the official crest of the championship winners. The competitions were held at the Buffalo Rifle and Revolver Club ranges.

In making his address, Mr. Powell, on behalf of the gathering, made the presentation of a handsome coffee table, to which Miss Greer graciously responded. Light refreshments were served and a social half hour enjoyed.

There will be over 20,000 assessments made in St. Catharines this year.

Obituary

Miss May L. Henry

The death occurred on Saturday, April 23rd, of one of Grimsby's best known and highly respected residents, in the person of Miss Mary Lucy (May) Henry, at the home of her brother, A. P. Henry, 22 Mountain street.

Deceased lady had been in poor health for the past three months and her demise was not unexpected by her legion of friends.

She was born in Bimbin township, Westworth county, the daughter of the late Horace Henry, and resided on the homestead until her removal to Grimsby about 20 years ago.

She was a member of Trinity United church and an energetic worker in the Ladies' Aid Society, W. M. S. and the Evening Auxiliary.

Besides her brother, A. P. Henry, she leaves to mourn her loss, one sister, Mrs. J. Herbert Watson of Brampton.

Funeral services were conducted at the home on Tuesday afternoon, and were attended by a very large number of friends and acquaintances. Services were conducted by Rev. R. B. Ferris of Trinity United. Interment took place in Queen's Lawn cemetery.

The pallbearers were Roy Henry, Horace Watson, Lloyd Henry, Albert Watson, Keith Henry, Herbert Watson, six nephews.

John Carew Camps

A resident of Winona for the past 22 years there passed away at his home there on Friday, April 22nd, John Carew Camps, in his 79th year.

Deceased was born in England and came to Canada in 1885 — 53 years ago. He had not been in good health for a considerable period of time. He was a member of St. John's Anglican church.

He leaves to mourn his loss his wife and five daughter, Mrs. J. Patterson and Mrs. J. H. Williams, Hamilton; Mrs. K. J. Rogers and Mrs. J. W. Thompson, Detroit, Mich.; Mrs. Edie Widinger, Toledo, O. Also two brothers Frederick of Cornwall, England and Charles of Winona.

The funeral took place from his late home, Station Road, Winona, on Sunday afternoon to Fifty cemetery for interment. Services were conducted at the home and graveside by Rev. E. Brillinger of St. John's church.

The pallbearers were: John Jones, A. J. Fletcher, Howard Banard, John Miller, Stanley White and C. J. Bradshaw.

Mrs. Effie Millar

A former well known resident of Caistor township and for the past two years a resident of North Grimsby, there passed away at her home, Cline's Road, on Wednesday, April 27th, after an illness of lengthy duration. Effie Millar, beloved wife of William Millar.

Deceased lady was a daughter of the late John Jackson, for many years a prominent farmer and municipal official of Caistor township. After her marriage she moved with her husband to Winnipeg where she resided for 20 years, moving from the West to Toronto where they resided for nine years, coming to North Grimsby to live two years ago.

She was a member of Grimsby Baptist Church and Lincoln Lay-ally Chapter, I.O.D.E. Surviving her are her husband, one son, Frank, of Winona, one daughter, Mrs. Colburn Johnston of Winona. Two brothers, T. J. Jackson, Calgary, Alta.; Dr. A. W. Jackson, Albion, N.Y.; two sisters, Mrs. A. D. Cone, Caistor township and Miss Bertha Jackson, Niantic, Conn.

The funeral will be held from her late home, Cline's Road, North Grimsby, on Saturday afternoon at two o'clock. Interment will be in Hamilton cemetery. Rev. Harvey Merritt of Norwich, former pastor of Grimsby Baptist Church, will conduct the services.

DECISION RESERVED

(Continued from page 1) Fruit growers whose lands have been taken over by the Department hope for an early decision from the Board, in order that settlements may be made, or in failing that, that their cases can be gone on with immediately.

A new angle to the expropriation proceedings cropped up a week ago when Norman Nelles and E. C. Apple received a second expropriation notice, this one expropriating their whole farms. The original expropriation notice only expropriated the amount of land required for the right-of-way and any buildings thereon. This later notice takes all their land. In the case of Nelles it is 20 acres, all told, and with Apple five acres. Growers are at a loss to know just what this new expropriation move means.

School Medical Costs Are Low

Mrs. Ada Bromley, member of Grimsby Board of Education, gave a most graphic and illuminating address before the convention members of the Ontario Educational Association, in Toronto, last week.

In her address, which covered every phase of the health of the school pupils in Lincoln county, she stressed the great benefits that were being derived and the low cost of the operation of the medical inspection system in vogue.

In Lincoln county there are 86 classrooms now being visited by the school nurse and the cost to the ratepayers is only \$25 per classroom per year, whereas in Westworth county where the system is identical, there are only 73 classrooms being visited and the cost is \$45 per classroom per year.

An official of the Ontario Department of Health who spoke after Mrs. Bromley, congratulated Lincoln county on its excellent system, its economy and its efficiency and paid glowing tribute to the local school nurses who were asked to stand and receive the applause of the audience.
